Environment Support Group, Bangalore and Anti Biotic Stewardship Network, Ujjain  
Invites you to a workshop on

## *Antibiotic Resistance: No Action Today, No Cure Tomorrow*

*The World Health Organisation has recently declared antibiotic resistance as a "global health crisis" that has been building up over decades. The most severe consequence of this problem is witnessed in countries like India. The three main areas that need to be addressed to minimize resistance development and spread are rational use of antibiotics, control of infection through better hygienic practices and avoiding contamination of the environment with antibiotics*

**Date : 18<sup>th</sup> July 2013**
